

PDF Search

Question:

Why, you may ask, would anyone in his right mind want a 17 Meg PDF file of all Toolkit Tips piled into a single PDF file?

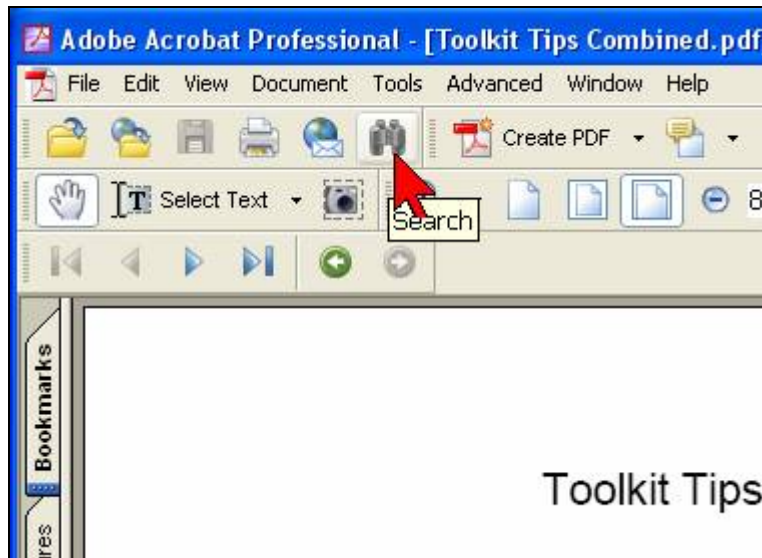

Answer:

Well, SSG Breath, because it is very easy to find anything that you are looking for using the great Adobe binoculars.

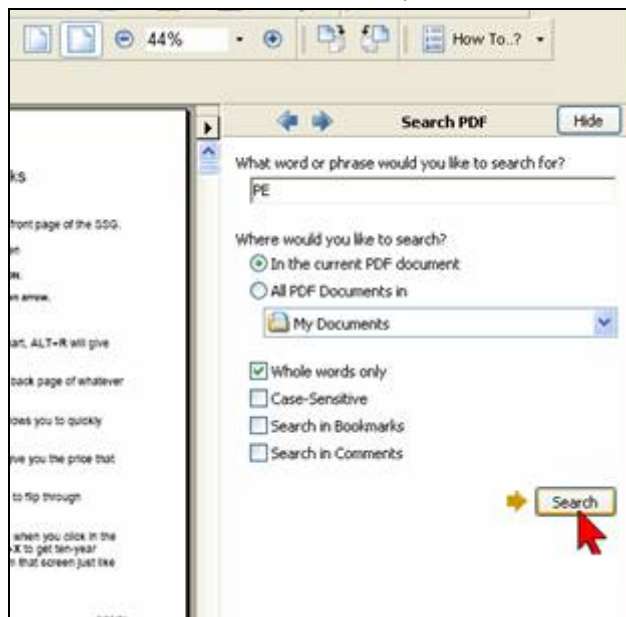

Example:

Let's find all occurrences of PE in the 17M pile.

1. Open Toolkit Tips Combined.pdf
2. Click on the binocular icon.

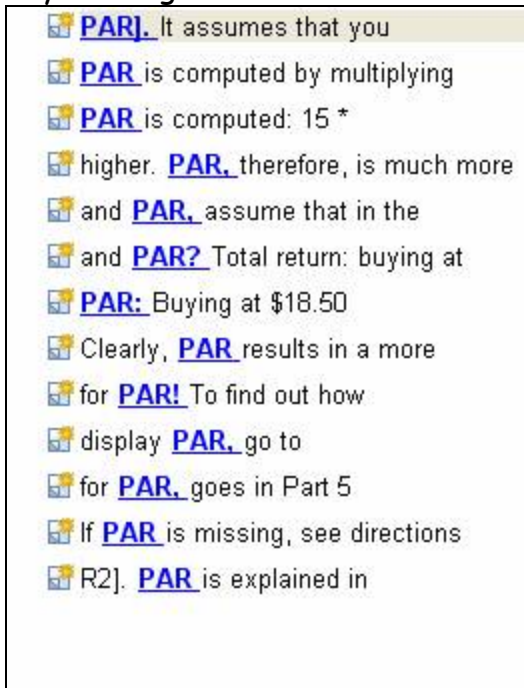

3. In the Search PDF window enter:
 - a. "PE" for the Word or Phrase that you would like to search for.
 - b. Check the "Whole words only" box.
 - c. Then click the Search box.

PDF Search (continued)

4. Scroll through the result window until you find PE in the context you are looking for or simply click through them all.

Try it using "PAR".

Ain't science computers wonderful?
